Frequency Special Condition:

This authorization permits operation under more than one set of parameters during the transition of 2 GHz Broadcast Auxiliary stations from their current channel plan, to a new plan consisting of 12 MHz channels. At the end of the transition, the licensee must file a certification of completion of construction (Form 601) indicating that they have completed the transition to the new plan. At that time all components on this license authorizing operation under the old plan or any transitional plan will be removed from the license and operation under those plans must cease.
